

Cobblestone

[®]G.T.DESIGN.

La collezione di tappeti Cobblestone dal profilo unico, irregolare e fluido a metà strada tra il cerchio e il quadrato, rappresenta un'evoluzione nella ricerca di Deanna Comellini sulle forme organiche.

Il disegno della collezione Cobblestone fa riferimento alle piazze e alle strade Italiane con le loro caratteristiche pavimentazioni con intarsio a mattonella, in cui i campi di colore nelle tonalità dell'azzurro e del beige sono separati da delicati solchi scolpiti nel vello del tappeto.

Realizzato in Tencel, fibra di straordinaria morbidezza tra le più ecocompatibili attualmente disponibili sul mercato, Cobblestone è una collezione unica grazie al suo formato "espandibile", pensato anche per le pavimentazioni custom-made di progetti di interior design.

A new collection of rugs with a unique, irregular and fluid format, in between a circle and a square, Cobblestone represents an evolution in Deanna's Comellini research on organic shapes.

The pattern of the Cobblestone collection is a reference to the paving typically found in Italian piazzas and cobbled streets, replicated with blocks of different hues in the rug. The color palette of blues and beige shades that seem to mix and blend with each other, spaced out by contrasts that capture the eye and lends chromatic depth to the rug. The collection is made in Tencel, an extraordinary soft and one of the most eco-compatible currently available fibers.

Cobblestone is a unique collection with an "expandable" format, suitable for custom-made flooring of interior design projects.

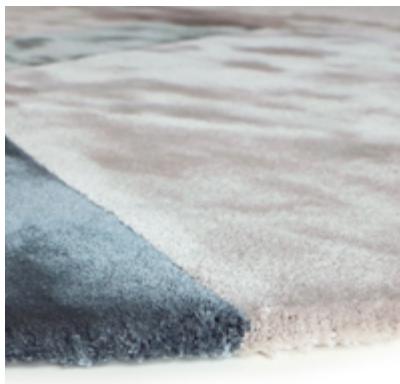

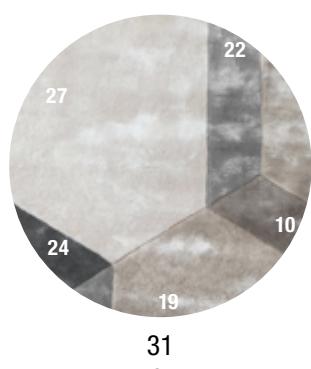

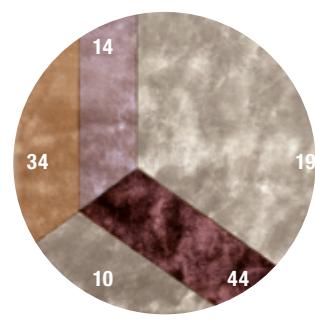

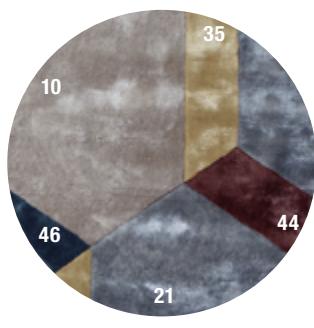

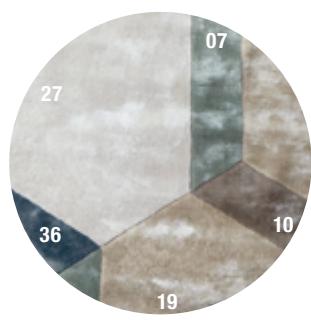

Materiale:	tencel
Struttura:	taftata a mano
Dorso:	è consigliato l'utilizzo del sottotappeto G.T.Design
Dimensioni:	variazioni del +/- 3% sono considerate nella norma
Manutenzione:	battitappeto potenza minima prestando attenzione ai bordi
Lavaggio:	consigliato lavaggio professionale
Spessore:	16 mm
Material:	tencel
Structure:	hand tufted
Backing:	we advise using a G.T.Design anti-slip undermat
Dimension:	variations of +/- 3% are to be considered the norm
Maintenance:	vacuum cleaner on a low setting taking care on the edges
Washing:	professional cleaning recommended
Thickness:	16 mm
