

I tappeti MeatPacking sono veri e propri pezzi in edizione limitata frutto di una ricerca sul potere espressivo del colore e delle texture materiche, attorno ai quali lo spazio sembra essere geometricamente riorganizzato, esploso. Il modello Meatpacking Antique Hemp, è ottenuto recuperando antiche tele di fibra di canapa. La naturale brillantezza di questa pregiata fibra naturale e la sua alta resistenza all'usura rende questi pezzi unici alla vista e al tatto.

Nella versione Meatpacking patchwork, fasce di colore raccontano scene, epoche, stili distanti e insieme comuni, quotidiani. Una traccia mai uguale, che compone pezzi unici, utilizzando tappeti di 30-50 anni, decolorati, ricolorati e riassemblati con cuciture attente a rispettare i differenti piani. La vasta gamma di colori comprende 23 differenti tonalità, oltre alla possibilità di realizzare questi tappeti in qualsiasi forma e dimensione. MeatPacking è disponibile anche in unica pezzatura a richiesta del cliente.

The MeatPacking rugs are delightful limited editions resulting from research into the expressive power of color and tactile textures; the space would appear to be geometrically reorganized, exploded around them. The model Meatpacking Antique Hemp is produced using reclaimed antique canvases in hemp fibres. The natural sheen of this quality natural fibre and its excellent resistance to wear and tear transforms the rug into a unique visual and tactile experience.

In the Meatpacking patchwork version, bands of color depict the scenes, swathes of style that are distant yet close, routine and every day. Something always new, a collection of one-off pieces, created using vintage rugs 30-50 years old; they have been stripped of color, dyed and reassembled with stitching that respects the different components. The vast color range includes 23 different shades and the rug's versatility is expanded thanks to the possibility of creating any shape or size. On request, MeatPacking is also available as a single piece.

Materiale: canapa antica
Struttura: tessuta a mano
Dorso: è consigliato l'utilizzo del sottotappeto G.T.Design
Dimensioni: variazioni del +/- 3% sono considerate nella norma
Manutenzione: battitappeto potenza minima prestando attenzione ai bordi
